

THE KNOWING GARDEN is a community based Elementary school serving the children and families of the Greater South Bay area. Our school emphasizes the development of the whole child through constructivist theory and the understanding that humans generate knowledge and meaning from an interaction between their experiences and their ideas. We believe that a project-rich curriculum anchored in academics, hands-on experience and social and emotional development will prepare our students to be critical thinkers who become lifelong learners and active contributors to the global community. With credentialed teachers, utilizing principles of non-violence, low-ratios and developmentally appropriate guidelines, our learning plans will be generated in partnership with each child. Our students, from diverse backgrounds, become part of a greater community that values respect, mindfulness, creative expression, confidence, risk-taking, and concern for the Earth. THE KNOWING GARDEN is a non-profit private school with a public purpose.

# COMMUNITY INFORMATION FAIR at SpringFest Redondo Beach

Saturday, April 16 & Sunday April 17  
11:00am - 5pm

Aviation Park near Performing Arts Center
